This documentary refreshingly challenges the myth of gay affluence and reveals an extraordinary world of resilient, economically struggling LGBTQ+ people who are surviving, thriving, and trying to get everyone free. From the Deep South, Arizona, Navajo Nation, queer coastal meccas of the U.S. and points in-between, the film chronicles the lives of more than 80 queer, broke and amazing activists who may be unsung, but you'll never forget.

QUEER BROKE & AMAZING! (working title)
